

Sub Inspector in Central Bureau of Investigation

Job Code: O

Grade Pay: 4200

Vacancies in 2014: 129

SSC CGL also provides you with an opportunity to get selected in one of the most prestigious departments of India - Central Bureau of Investigation (CBI). Through SSC CGL you get entry as Sub Inspector (SI) in CBI which is a Group B post with 4200 grade pay.

Something about CBI department

The Central Bureau of Investigation (CBI), functioning under Dept. of Personnel, Ministry of Personnel, Pension & Public Grievances, Government of India, is the premier investigating police agency of the nation. It is an elite force playing a major role in maintaining Law & Order in the country. **It is also the nodal police agency in India which coordinates investigation on behalf of Interpol Member countries.** CBI investigations have a major impact on the political and economic life of the nation. The following broad categories of criminal cases are handled by the CBI:

1. Cases of corruption and fraud committed by public servants of all Central Govt. Departments, Central Public Sector Undertakings and Central Financial Institutions.
2. Economic crimes, including bank frauds, financial frauds, Import Export & Foreign Exchange violations, large-scale smuggling of narcotics, antiques, cultural property and smuggling of other contraband items etc.
3. Special Crimes, such as cases of terrorism, bomb blasts, sensational homicides, kidnapping for ransom and crimes committed by the mafia/the underworld.

Most of the top posts of CBI are held by IPS (Indian Police Services) officers.

Where Learning Begins

Infrastructure

CBI headquarters is a ₹186 crore, state-of-the-art 11-story building in New Delhi, housing all branches of the agency. **The 7,000-square-metre building is equipped with a modern communications system, an advanced record-maintenance system, storage space, computerised access control and an additional facility for new technology.** Interrogation rooms, cells, dormitories and conference halls are provided. The building has a staff cafeteria with a capacity of 500, men's and women's gyms, a terrace garden and bi-level basement parking for 470 vehicles.

After Selection

The dossiers of the selected candidates will be sent to the CBI headquarters in New Delhi. Then you will be called for Physical test .It won't be very tough except that you should meet the minimum physical standards mentioned in SSC CGL notification (if you don't fulfil that criteria you should not opt for CBI).

Then you would be called for your training in CBI Academy Ghaziabad. After successful completion of training only you will be allotted zones based on your preference. **More than 90% of the candidates are allotted Delhi zone only.**

Training

Since you are working in CBI, you have a broad scope of cases to investigate. Virtually any case which looks inscrutable to the state police can come to CBI on the orders of Central Government. So you need an extensive training. This training shall be tough just like your job. The schedule of the training is as follows:

Training	Duration
Institutional Training with CBI Academy(phase 1)	7 Months
Attachment with Local Police	9 Weeks
Attachment with CBI Branch	9 Weeks
Institutional Training with CBI Academy(phase 2)	10 Weeks
Total	1 year 7 weeks

Total training period is 59 weeks out of which **42 weeks training held in CBI Academy.**

The CBI Academy is in Ghaziabad. The 26.5-acre campus, with fields and plantations, houses the administrative, academic, hostel and residential buildings. CBI Academy has emerged as a major police training institution and has made a mark at the National as well as International level. It has been recognised in March 2010 for **Excellence in Training in the field of Crime Investigation, Prosecution and Vigilance.**

Where Learning Begins

Work Profile

It is a non uniform job .The main function of Sub-Inspectors (or Inspectors) posted in the Branches/Units is to make enquiries and investigations and to gather information. They will enquire into or investigate the cases which are allotted to them. It is also their duty to look after their cases in Courts during trial or during the disciplinary proceedings which are initiated on the recommendations of CBI. Therefore **the job profile of CBI includes frequent visits to courts which can be cumbersome for many people**. Taking criminal to the courts safely is another concern attached to this profile. As CBI sometimes takes up cases of terrorists, it can be a challenging task. But no concern as you shall be provided adequate security from police. The work profile of an inspector and sub inspector remains the same.

Due to these functions the CBI SI profile is considered to be a tough profile. You will need to extend your working hours or may even work on Saturdays. In addition, this profile demands a lot of travelling across India, wherever you are allotted a case you will need to go there, collect all the information and perform the investigation. So it is a stressful job and your family & personal life suffer. But in such investigations, you shall have complete authority over state police and other involved departments.

Jurisdiction and powers of CBI

The legal powers of investigation of the CBI are derived from the DSPE Act 1946, which confers powers, duties, privileges and liabilities on the Delhi Special Police Establishment (CBI) and officers of the Union Territories. The central government may extend to any area (except Union Territories) the powers and jurisdiction of the CBI for investigation, subject to the consent of the government of the concerned state. Members of the CBI at or above the rank of sub-inspector may be considered officers in charge of police stations. **So while on investigation even an SI has a lot of power and he can arrest or interrogate a Govt official well above his own (SI) rank.**

Anyone will admit that CBI SI is one of the most influential and powerful posts offered by SSC CGL. While on investigation a CBI official heads the team which has state police officers and officers from other concerned departments with the ultimate authority residing with CBI.

All the departments (IT, excise, custom, narcotics) and even Politicians know that if they come under CBI scanner, they can't escape it. **That is why a CBI official is always respected/feared by police, other government officials, Bankers, Businessman and Politicians.** Among General public, friends and relatives also you will be greatly respected. Another thing, there is usually a perception among people that other department inspectors(IT , excise , custom) always feed on UTM , which is not the case for CBI officers. So you will truly be respected behind your back also.

Here are the newspaper clippings showing the work/power of CBI .

आयकर विभाग की डिप्टी कमिश्नर रिश्वत लेते धराई सीबीआई ने जाल बिछाकर देर रात पकड़ा, 10 लाख की राशि भी जब्त

25 लाख की डील

उत्तराखण्ड के पंचकुला में 2014-15 का एक नगरपालिका के पंचायत में 25 लाख रुपये रिश्वत की गंगा बह रही थी। बाद में नगरपालिका 10 लाख रुपये में 10 लाख रुपये की बिना मुश्किल से रखा दे करी थी।

Saradha case: CBI arrests ex-minister Matang Singh

g+ 0

KOL. / DELHI: CBI on Saturday arrested former Union minister Matang Singh in connection with the Saradha chit fund scam on charges of criminal conspiracy, cheating and misappropriation of funds, causing trepidation among members of the higher bureaucracy and police corps he is perceived to be friendly with.

Singh wielded enormous clout as the minister of state in the Narasimha Rao government - a position he achieved after he helped the regime survive a grim no-trust vote. His official brief was a junior minister in the rather sedate ministry of parliamentary affairs. However, source say he virtually functioned as the minister-in-charge of PMO giving directions to ministerial colleagues, some of them way senior to him, and bureaucrats as he took over political management in Rao's waning years.

His influence diminished after Rao. However, he diversified into media and dramatically came back in circulation towards UPA's twilight years when he was widely speculated to have played an

Promotion

Promotion opportunities is good in CBI. It takes around 5 years to get first promotion that is to become an inspector. But Second Promotion to Deputy Superintendent takes usually 12-13 years. Then you will become Additional Superintendent after 3rd promotion which takes around 10 years. After that in every 4-5 years you get a promotion. Normally a Sub Inspector go up to the level of Senior Superintendent. **In rare case a person joined as SI in very young age and maintaining a very good record, can go up to deputy inspector general of police** which is a big shot post to have.

Senior Superintendent

Superintendent

Additional Superintendent

Deputy Superintendent

Inspector

Sub Inspector

Where Learning Begins

Salary

Even though SI in CBI is a 4200 grade Pay job but then also his salary is equivalent to a 4600 grade pay central Govt employee as he gets 25% extra of Basic + DA and also he is paid 13 months' salary in a year.

Effective In hand salary (Considering 13 month salary):

Class X cities= Rs. 43,166

Class Y cities= Rs. 39,492

Class Z cities= Rs. 37,664

Hence effective in hand salary is more than any other posts offered in SSC-CGL.

In CBI, it is very difficult to earn UTM as you will always be in the scanner of your department.

Physical Standards required

This is among the very few jobs for which any kind of physical disability will make you unfit for the job. CBI demands very good Physical fitness all through your service. You go through a rigorous training during your first year. **But before all that you should have the following physical standards to get selected in CBI as SI. You should not opt for CBI if you don't match any of the following criteria.**

a) Height

For men - 165 cms.

For women - 150 cms.

Height relaxable for Hillsmen and Tribals: 5 cms.

b) Chest:

76 cms. With expansion (There shall be no such requirement in case of female Candidates)

c) Vision:

Eye-sight (with or without glasses)

Distant vision: 6/6 in one and 6/9 in the other eye.

Near vision 0.6 in one eye and 0.8 in other eye.
